Quick Trial Balance Pro - Learning Resources

Learning Resources

Quick Trial Balance Pro's Learning Resources option is located under the Help menu.

The Learning Resources option provides helpful links to FAQs, the Pro-Ware website, How-To's, and a Version History for Quick Trial Balance Pro. These links require an internet connection.

Other information found under the Learning Resources option that do not require an internet connection include Options Conversion Guide, What's New, and an option to view or print Quick Trial Balance Pro's Help file as a PDF.

Also included here are options to show the Welcome screen upon startup of Quick Trial Balance Pro and to show What's New upon startup.

Should you need to copy the Quick Trial Balance Pro sample files to your default data folder, simply click the "Re-Copy Sample Files" button in the lower left corner.
