PRO-WARE - Software for Professionals

PRO-WARE is a software development company that specializes in the design, development, and support of software for the professional accountant. Established in 1985, PRO-WARE's commitment to excellence is unwavering and consistently applied in every product that we develop.

News Update

News Update – American Taxpayers Relief Act of 2012

Included in this fiscal cliff-avoiding legislation are the following provisions that affect 2012 depreciation.

1. Accelerated rates for Indian Reservation Property has been extended through December 31, 2013. These rates had previously expired on December 31, 2011.
2. 15-Year straight-line method extended for qualified leasehold improvements, qualified restaurant buildings and improvements, and qualified retail improvements through December 31, 2013. These provisions had expired on December 31, 2011.
3. Section 179 expense limits and acquisition thresholds have been extended at their 2011 amounts for 2012 and 2013.
4. Bonus depreciation at the 50% rate has been extended for 2012 and 2013 acquisitions.

Click [HERE](#) for information about Rev. Proc. 2011-26 (Safe Harbor calculations when claiming 100% bonus depreciation!
