

# ASSET KEEPER PRO - Activation

## Asset Keeper Pro - Activation

If Asset Keeper Pro has not been activated, you will see the following screen each time it is started.

If the 30 day trial period has not expired, you can click the "Continue as Demo" button to proceed to the Home screen.

If you purchased Asset Keeper Pro or received a new subscription code, you can enter the serial number, company name, and subscription code to activate your software.

## Asset Keeper Pro / AKPRO Demo ( Expires 09/03/2013 )

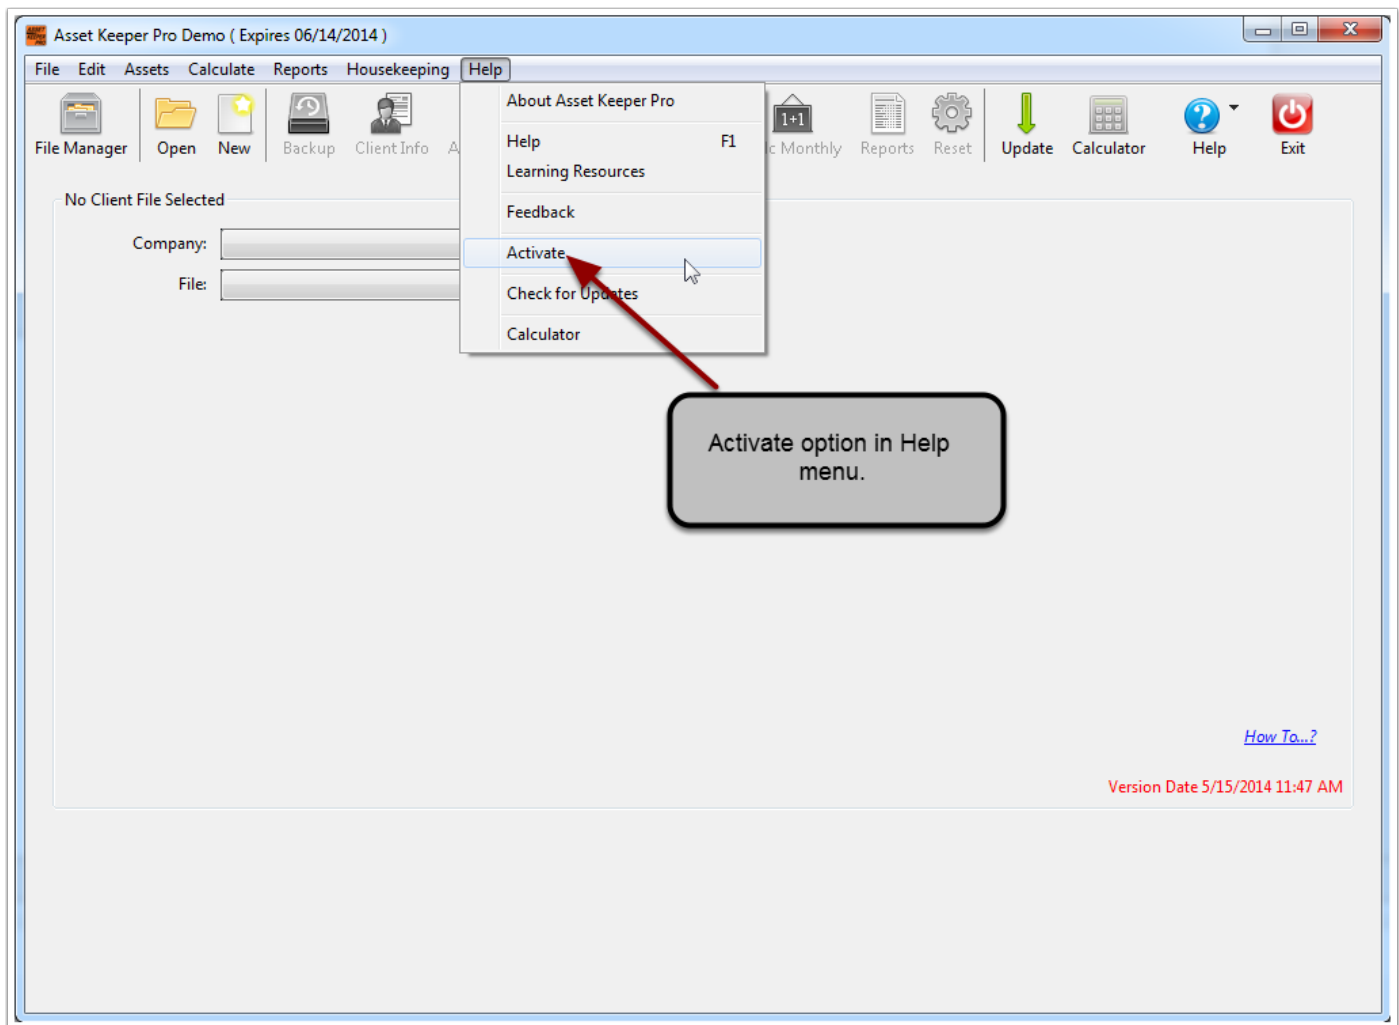

Shown below is the Home screen if the "Continue as Demo" button was clicked on the Activation screen. Note that the message on the title bar of the screen indicates that you are in "demo" mode and when the demo expires.

While in demo mode, you can open data files with an unlimited number of assets, however, if your file has more than 16 asset you will not be able to add more assets or edit existing assets. You also can not reset for a new year in demo mode.

## Activation Option in Help Menu

You can also access the Activation screen from the Help menu if you wish to activate your software.

## Asset Keeper Pro - Activation

When entering your activation information, you will need to enter the serial number, company name, and subscription code. Your company name **MUST** be entered exactly as shown in the email that contained your activation information. If not, the subscription code will not activate your software.
