Asset Keeper Pro - Calculate / Short Year Depreciation

Calculate Short Year Depreciation

To calculate depreciation for a short year, select the Short Year Depreciation option located under the Calculate menu.

Specify whether this is the first fiscal period for the selected client. The start date of the short year cannot be changed if this is not the first fiscal period for your company,

Specify the short year start and year-end dates.

Next, select which calculations you want to apply to each of your methods. You have the option of applying tax rules, using GAAP (Generally Accepted Accounting Principles) rules, or not calculating at all.

Click the Next button.
